-

ALL MATTERS PROPOSED, DISCUSSED, OR DECIDED:

- Discussed the yearly schedule, mentioned that next month there will be no formal meeting held at school. There is a SCC meeting held at the District Office as well as a Superintendent meeting in October for all to attend, it usually has a lot of good information.
- Went over the “Safe Technology Utilization & Digital Citizenship in Public Schools” policy that we follow as part of Nebo School District.
- A question was raised as to how a parent would change their preference settings for receiving communication from the school. Some parents get an email, text message, and phone call all at once. Parents want to know if they can change that they receive the information in one way. We are checking on it.
- Had a discussion as to the level of understanding our teachers have of the School Improvement Plan. The council spends all year creating it, but most teachers are not aware 1-that it exists 2-if they do know it exists they don’t know what is in it and how it impacts them. The consensus was that teachers should be made aware of our goals so that they can assist in getting the accomplished in their current roles.
