RECORD OF VOTES TAKEN:

Motion to adjourn meeting made by Shauna Warnick, Rhet Rowley seconded the motion.

ALL MATTERS PROPOSED, DISCUSSED, OR DECIDED:

- Mrs. Burr had copies of and discussed the 2017-18 School Improvement Plan. She had made some tweaks and those were highlighted in the copies that were handed out. Each member of the council was given the assignment to read the School Improvement Plan on their own, then come back next month with ideas for improvement as we move forward in putting next years plan (2018-19) in place.
- Talked about the Nebo School District Stakeholder survey that went out to students and parents this week. All of our students took the survey Monday morning during team time.
- Mr. Rowley showed the Truly Incredible Data in regards to the number of “Failing” grades for term 2. The graph shows the last three years in comparison to one another regarding the number of F’s students received. In term two last year we had 168 F grades, this year we had only 40.
- A long discussion on the grading program (Aspire SIS). Mrs. Baird wanted some explanation for some of the things she had been seeing in the gradebook. She wondered if some grade books needed more items in them, specifically why are they weighed the way they are?
- A lunch food discussion was also had
